

## Athens Ranks 5<sup>th</sup> in “Best Place to Work in the Bay Area”

ATHENS eBULLETIN | APRIL 2017

Athens Administrators has been voted one of the Top 130 Places to Work in the San Francisco Bay Area by the San Francisco Business Times. This year's winners survived a nomination pool of 537 applicants that span all industries and sizes, from tech giants to small insurance brokerages.

Athens was ranked the **5th best place to work** in the mid-size business category (100-249 employees). It is a great honor to be recognized as a “Best Place to Work in the Bay Area,” and particularly significant to receive such a high ranking in this category.

Athens competed extremely favorably against many publically traded and privately held technology companies, banks, hotels, law firms and businesses from many other industries.

“The competition to qualify this year was intense,” Athens’ President James Jenkins said of the recognition, “and the fact that we qualified as a Best Place to Work is truly meaningful.”

### About the Best Place to Work Survey

This year 537 companies competed for the top 130 spots on the Best Places to Work in the Bay Area list. This was the largest number of applicants and the most competitive process in the history of the award. Participating company’s rankings were determined by anonymous survey responses that were electronically distributed and completed by Bay Area based employees. Every Bay Area based Athens employee was provided the opportunity to participate. The survey questions focused on trust of top executives, trust of co-workers, longevity at company, overall satisfaction with the company and feeling valued.

At Athens, our people are the foundation for everything we do. We are “People Powered.” Providing a great place to work is one of the foundational core values of our company. Our environment is one of our keys to sustained success. We are a customer service company.
