

Non-California Welcome Letter

Dear Insured:

Athens Administrators has been retained as your workers compensation claims administrator for the Leavitt Group & Hartford program. We are pleased to be able to provide you with workers' compensation claims handling services and will ensure a smooth transition of any open claims you might have. Athens Administrators will handle all claims that are in the State of California and REM will service claims in all other states. We are both third parties who provide claim administration services on behalf of your insurance company. Both Athens and REM are committed to superior service and successful claims handling. Our claim professionals will work closely with you to facilitate your return to work program while simultaneously ensuring that your injured employees received quality care.

In an effort to “go green” we have created an electronic version of your claims kit. Please visit www.athensadmin.com/leavitt and select Non-California Claims.
