

Athens Loss Control Services

YOUR **PARTNER IN SAFETY**

ATHENS LOSS CONTROL

Athens Administrators provides companies in need of specialized Loss Control Solutions a managing regulatory safety compliance program to ensure a more profitable and safer workplace.

Athens has teamed up with a world-class partner offering clients a complete Loss Control Service program, uniquely suited to addressing the specific challenges for health and safety for employers.

Highly-trained OSHA Certified Outreach instructors and industry professionals deliver superior, measurable results to identify past, present and future risks and provide strategies to help mitigate those risks.

ATHENS LOSS CONTROL SERVICE

YOUR PARTNER IN SAFETY

TARGETED SOLUTIONS

The Athens Loss Control program focuses on creating a safe work environment for employers by providing a full spectrum of training and resources. We provide insightful solutions to clients in a variety of industries, including healthcare, construction, agriculture and manufacturing. We also partner with self-insured groups, captives, guaranteed cost carriers and private employers.

Our experienced consultants are adept at creating programs and making recommendations specific to your business needs, including programs built from the ground up. Services include audits, inspections, accident investigation, ongoing training and much more.

CUSTOMIZED PROGRAM SOLUTIONS

Athens Administrators provides Loss Control services tailored to meet the unique needs of businesses seeking to mitigate risk head-on.

Athens Loss Control Services include:

- Baseline program assessments
- Review of job hazard analysis
- Site inspections
- Access to proprietary safety webinars
- On-site safety training
- Hearing conservation
- Emergency response training (active shooter, evacuation, and fall rescue)

- Ergonomic consultation
- Customized Return to Work Program

PROGRAM ADVANTAGES

- A safer workplace not only means healthier team members, it also makes for a healthier business through lower insurance rates.
- A safe work environment is the foundation of a productive workforce and a thriving company.
- Create a safety environment that's proactive, not reactive.
- Preventing accidents in the first place is the best way to avoid accidents at all.
- Compliance with OSHA regulations
- Fewer injuries on the job
- Improved employee morale
- A streamlined alternative to hiring a full-time, in-house safety professional
- Customized programs developed with your organization in mind
- A full commitment to safety, company-wide
