Establishing a Managed Care Panel

Great American Insurance Group has contracted with Procura/Optum to provide customizable Physician and Clinic Networks for our insureds. These networks provide injured workers with industry leading care and medical treatment at significant cost savings to employers.

Most states have specific guidelines governing the right for an employer or employee to direct care in the event of an industrial injury. Some states require the establishment of a Medical Panel for the initial treatment of work-related injuries. Due to the significant cost savings associated with Medical Panels, Great American – Alternative Markets recommends that employers establish medical Panels for all work locations.

Mandatory Panel States: GA, PA, TN, VA

Medical Provider Network (Opt-in): California

Medical Panels will need to be established BEFORE you have your first claim. Please fill out the below questionnaire listing all work locations and send to:

AlternativeMarketsAccountServices@GAIG.COM

Once received, you will be contacted by a member of our account services team to discuss the needs of your business and how to best construct the medical panel that will deliver appropriate coverage to your employee population.
