

Athens Property & Casualty Program Services

Managing Property & Casualty claims takes more than paperwork. It requires precision, accountability, and a partner who understands the unique needs of each program. At Athens Administrators, we bring decades of proven experience, combining industry knowledge with a client-first approach that delivers measurable results.

PROGRAM SERVICES

Athens provides tailored claims management solutions across a wide spectrum of Property & Casualty capabilities. Our services are designed to improve outcomes and support long-term program success:

- Multi-line claims administration for Property and Casualty programs
- Customized reporting and analytics for real-time insights
- Secure 24/7 client portal access with real-time claim information
- Subrogation and recovery reviewed on every file
- Seamless transitions between carriers and MGAs
- Numerous existing carrier approvals within the program space

UNDERSTANDING THE MANY LAYERS OF PROGRAM INSURANCE

Property & Casualty programs involve a complex network of stakeholders — policyholders, brokers, MGAs, carriers, reinsurers, and claimants. Athens sits at the center of this structure, accountable to all parties when a claim occurs.

- We understand the distinct objectives of each layer in the insurance value chain.
- Our role is to balance these priorities while protecting the integrity and financial outcomes of the program.
- This holistic perspective allows us to deliver consistent, measurable results across industries and program types.

INDUSTRIES WE SERVE

Athens has deep experience across industries with unique Property & Casualty exposures, including:

- Transportation & Commercial Auto (trucking, rental fleets, last-mile delivery)
- Property & Habitational (commercial property, condos/HOAs, storage facilities)
- Hospitality & Retail (restaurants, hotels, retail chains, wineries)
- Construction & Contracting (general contracting, waste hauling, labor law, specialty trades)
- Social Services & Institutions (care facilities, schools, non-profits, public agencies)
